editor's NOTE

MANGA MONTH 2015!

EDITOR'S *note*

April. Spring is in the air, summer is right around the corner. Life… is good. NOT. I have to be honest with you, as I write this, it's actually the first week of March, and after a full day of freezing rain, we got a small reprieve from the crappiest winter on record in Maryland for a few hours. Later tonight, past 10pm, we're expecting more snow, and plenty of it: *7 to 10 inches* (or more!) by morning. Thankfully, we're finishing up this issue today, and trying to take care of all the last minute checks and approvals we have to make each month before we can send the issue off to the printer in Canada. I guess, since you're reading this, we made it.

But let's move on to better things than the weather… like Comics; Manga in particular. Official English-language adaptations of Manga have been around since the mid-'80s, when Eclipse Publishing (in conjunction with Viz Communications and Studio Proteus) brought such titles as *Mai the Psychic Girl*, *The Legend of Kamui*, and *Area 88* to our shores. These were released in the standard western comic book format as many other would that followed, and it would be a few years before manga would adopt the graphic novel format here in America that it was known for in Japan.

Today, with Manga Month upon us, we once again celebrate this popular comics artform in the pages of ***PREVIEWS*** with plenty of new and classic titles available. And this year, as in previous years, there truly is something for everyone! I'm still following the classic sci-fi epic *Mobile Suit Gundam: Origin* from Kodansha, as well as the wacky, corporate super-hero antics of *Tiger & Bunny* from Viz. And I've even given *Attack on Titan* a try — and enjoyed it! All three get my seal of approval.

On page 251 of this issue, you'll find our Manga Month boutique section, where our Comics team have chosen some of their favorite manga titles, broken down by some of the most popular genres. This section features some great titles from such publishers as Dark Horse, Viz Media, Yen Press, Kodansha Comics, Gen Manga, Perfect Square, SuBLime, UDON Entertainment, Drawn+Quarterly, Fantagraphics Books, and more.

But there's plenty more manga to be found throughout this issue, just look for our Manga Month icon for new and backlist titles. Also, if Anime is your bag, then you'll want to keep an eye open for our Anime All Access icon, highlighting some of the newest and best anime-inspired products we have to offer. Many of these can be found, of course, in our awesome Import Toys section beginning on page 526.

Also, be sure to flip this issue over for our FlipSide interview with Kate Donovan, Managing Editor for Viz Media, who talks with us in an exclusive Manga Month interview.

So, if you've never read manga before, why not join us this month and give it a chance… you may just find something unique and different to enjoy, something you never knew existed!

Marty

In this final graphic novel adaptation of Stieg Larsson's international bestseller, Lisbeth Salander lies in critical condition, a bullet wound to her head, in the intensive care unit of a Swedish hospital. She's fighting for her life in more ways than one: If and when she recovers, she'll be taken back to Stockholm to stand trial for three murders. With the help of journalist Mikael Blomkvist, she will not only have to prove her innocence, but also identify and denounce those in authority who have allowed the vulnerable, like herself, to suffer abuse and violence. And, on her own, she will plot revenge – against the man who tried to kill her, and the corrupt government institutions that nearly destroyed her life.

MIRACLEMAN
ARTIFACT EDITION HC

writer **The Original Writer**

artist **Garry Leach, Alan Davis, John Totleben, and more**

cover **John Totleben**

Miracleman was launched 30 years ago in the now legendary *Warrior* magazine. It turned the concept of "super-hero" on its ear with big ideas that helped redefine an entire genre... when Miracleman fought Kid Miracleman on the streets of London... well, things would never be the same.

And then there was the art.

Miracleman had a true knack for bringing out the best work from extraordinary artists. Starting with co-creator **Garry Leach**, followed by **Alan Davis** (and others) and finishing with one of the most amazing endings in comics history by the phenomenal **John Totleben**, *Miracleman* was a work of art painted on a grand canvas, unlike anything before or since.

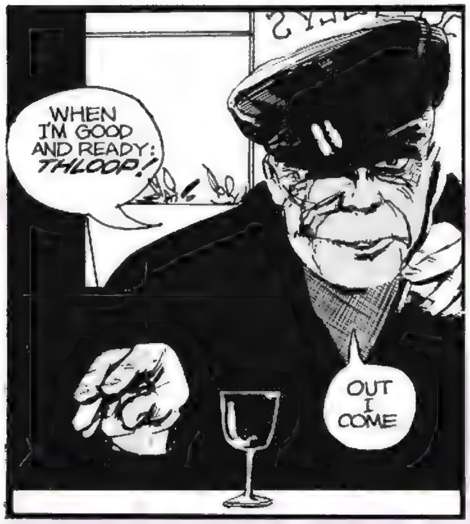
Expected in-store date: 6/24/15



WHEN I'M GOOD AND READY: THLOOP!
OUT I COME

Eddie Campbell's *Bacchus* is a true epic, spanning a decade of work, over a thousand pages, and several millennia of alcohol consumption. In *Bacchus*, the visionary behind *From Hell* (with Alan Moore) and *Alec: The Years Have Pants* presents his version of "an American-style comic book," filtered through his own brilliant, whimsical, and wide-ranging sensibility. With a fine blend of action, comedy, suspense, and an ear for a great story, *Bacchus* brings the gods and myths of ancient Greece to modern life, as if they had never left.

Nearly 600 pages, this deluxe volume collects the first half of the *Bacchus* saga (including *Immortality Isn't Forever*, *The Gods of Business*, *Doing the Islands with Bacchus*, *The Eyeball Kid: One Man Show*, and *Earth, Water, Air & Fire*) with new notes and commentary by the author.

> "*Bacchus* mixes air hijacks and ancient gods, gangland drama and legends, police procedural and mythic fantasy, swimming pool cleaners and classics. It shouldn't work, of course, and it works like a charm...Eddie Campbell is the unsung King of comic books....The man's a genius, and that's an end to it."

AIRBOY #1

STORY:
JAMES ROBINSON
ART / COVER:
GREG HINKLE

JUNE 3
32 PAGES / FC / M
$2.99

Worlds and minds explode in a brand-new series! When acclaimed comics author **JAMES ROBINSON** (*Starman, Fantastic Four*) is hired to write a reboot of the 1940s action hero Airboy, he's reluctant to do yet another Golden Age reboot. Just what the hell has happened to his career–?! His marriage?! His life?! Hey, it's nothing that a drink can't fix.

It's after one such night of debauchery with artist **GREG HINKLE** that the project really comes into its own. Quite literally. Because Airboy himself appears to set the two depraved comic book creators on the straight and narrow.

But is the task too much for our hero?

UTENSILS DOWN, HANDS UP! WELCOME TO STARVE!

Once the world's most famous chef, Gavin Cruikshank's been in a self-imposed exile for years. His little foodie television program has since evolved into **STARVE**, an arena sport that pits chef against chef for the pleasure of their super-rich patrons. It's a stain on a once-noble profession, and Chef Gavin is ready to go to war to stop it. Two things stand in his way: his arch rival Roman Algiers, and his adult daughter Angie, who probably just wants her dad back and acting normal.

Whipsmart world-building and a creative dream team (**DMZ, The Massive, Star Wars, Loveless, Hellboy, The Sandman**) come together for a brand new monthly series!

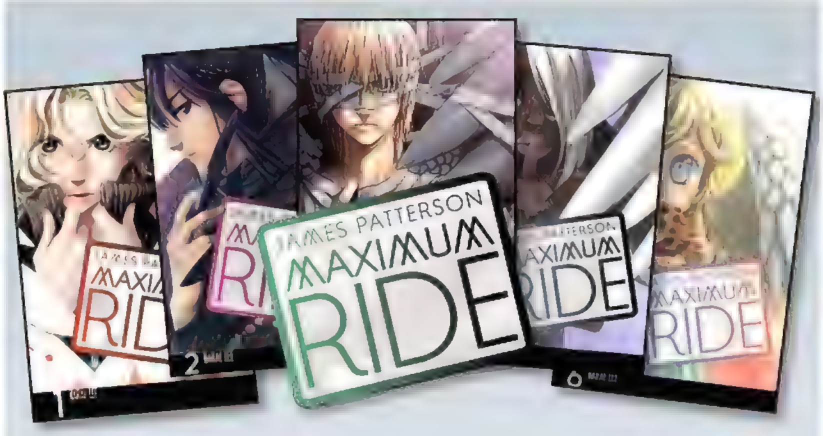
NaRae *LEE* NaRae *LEE* NaRae *LEE* NaRae *LEE* NaRae *LEE* NaRae *LEE* NaRae *LEE* NaRae *LEE* NaRae *LEE*

This month's featured creators is...

NARAE LEE

Please tell us a bit about yourself!

Hi there! Nice to meet you. I'm **NaRae Lee**, currently living in Korea. I started drawing at a very young age after watching Japanese animation like *Sailor Moon* and *Slayers* and copying the art. It was when I was around eleven that I started drawing comics with a story and panels. Our family moved because of my father's job, and I became friends with a neighbor whose older brother was a so-called "Otaku", which led me to start drawing manga naturally. I think that's also when I realized that I wanted to become a manga creator. To be honest, though, I think I've been drawing ever since I first grabbed a pencil. Even in kindergarten, art was my favorite subject, which I enjoyed far more than music or PE.



What are your favorite projects you've contributed to over the past decade?

I honestly have to say that it's *Maximum Ride* (MAR118003). It's the title that I have been working on for the longest time, and also a project that changed my life. Before *Max*, I only knew how to draw illustrations and wasn't really sure how to create a comic that can tell a story. *Max* taught me so much about how to make a story flow in a comic form that can easily reach the fans. I really have learned a lot about storytelling from James Patterson. Another one that I want to mention is a short story called *The Month of 29*. It's a story about a Korean girl who's about to turn 30. I drew this when I was 25, and it's a bit hard to explain how I felt when I read it again at the age of the main character. The age calculation is different in the states and in Korea, so it wasn't published in English. This title made me seriously wonder what I need to do to balance what I want to do and what I need to do to meet more readers. So while not many have read it, it's a bit special to me.

What are you currently working on?

I'm still working on *Maximum Ride* in the states, and also working on a web comic called *Honey Blood* in Korea.

What fun titles are you reading?

Recently, I've been reading manga from the early days when I first started drawing comics. After ten years working as a professional, working on the pages has become more "work" than something I just do for pleasure, so I've been trying to read the old titles to remind myself of the me who was so full of passion and the pure enjoyment of working in comics. So ***Akira*** (Vol. 1 / AUG090981) and ***Slam Dunk*** (Vol. 1 / JUN084326) come immediately to mind. As for more recent titles, ***Dorohedoro*** (Vol. 1 / DEC091023), ***Yotsuba&!*** (Vol. 1 / SEP148357), and ***Jack Frost*** are on the top of my list. They all have such different merits. For *Dorohedoro*, the unique art style and world is very attractive. I really like the chic humor sense among the gloomy atmosphere. By contrast, the calm and sort of trivial fun of *Yotsuba&!* makes me open its pages often, especially since I'm not good at slice-of-life stories. And for *Jack Frost*, I aspire to be able to draw such cool actions scenes! I think I'm drawn to titles that complement my weaknesses.

■ MARVEL PREVIEWS, $3.99, 32PGS, PAGE 36

A generation of Spider-Man fans grew up with the burgeoning relationship and eventual marriage between Peter Parker and Mary Jane Watson. Several years ago, their marriage ended and, though they remained friends and confidants, they were no longer a couple. Now, in the wake of the Secret Wars, the universe has been remade and lives of Peter Parker and Mary Jane Watson have changed yet again. This June, Dan Slott and Adam Kubert invite readers to meet Peter, Mary Jane, and their daughter Annie in Marvel Comics' *Amazing Spider-Man: Renew Your Vows!*

Being Spider-Man has always been a challenge for Peter. In his youth, he had to balance his schooling and his freelance photography with the demands of being a hero. Now, as an adult with a wife and young daughter, he has to balance the needs of his family — being a loving husband to Mary Jane and a devoted father to Annie — with his super-heroic career. And in the world that the Secret Wars have wrought, there are challenges aplenty for the Amazing Spider-Man!

A new threat has surfaced in New York. Calling himself Regent, he has already defeated both Daredevil and Moon Knight. With his city endangered by Regent's threats, Peter has no choice but to confront the villain. He has a family to protect from Regent, and the Amazing Spider-Man will swing into action and face one of the greatest challenges in his career!

Dan Slott, the acclaimed writer of *Amazing Spider-Man*, is joined by fan-favorite artist Adam Kubert for *Amazing Spider-Man: Renew Your Vows*. Slott and Kubert will deliver an exciting, emotional event that no Spider-Man fan will want to miss, and it all begins this June!

MY FRIEND DAHMER SC

(W/A/CA) Derf Backderf

You only *think* you know this story. We all have that one friend we grew up with — the strange kid, the class freak, the one whose antics amused and entertained, maybe even alarmed us. Every now and then we might wonder whatever happened to that person. For one cartoonist, that question was answered without warning by every media outlet in the world. Derf Backderf tries to make sense of Jeffrey Dahmer, the future serial killer with whom he shared classrooms, hallways, cafeterias, libraries, and car rides. What emerges is a surprisingly sympathetic portrait of a young man struggling helplessly against the ghastly urges bubbling up from the deep recesses of his psyche. (STK455436)

A COMIC BOOK CHARACTER COMES TO LIFE IN JAMES ROBINSON'S AIRBOY

In the 1940s, comic book readers thrilled to the adventures of Airboy. A self-trained aeronautical expert, Davy Nelson built himself an almost supernatural airplane and took to the skies to battle threats in the air, from the German air force to monstrous rats. As the Golden Age passed, so too did Airboy, and two creators – James Robinson (*Starman*) and Greg Hinkle – are hired to reboot *Airboy* for the 21st-century.

But Robinson and Hinkle might not be the ideal creative team for Airboy. Their lives are a mess, they have no ideas, and after one debauched night of alcohol and drugs, they discover they have a new friend in their midst – none other than Airboy himself! Now these two creators must chronicle Airboy's new adventures as their muse while the hero himself is looking over their shoulders, critiquing their lives, and adjusting to the 21st-century.

Image Comics' *Airboy* is a metafictional take on a classic character that combines autobiography and action-adventure for the wildest Golden Age reboot ever!

A GOLDEN AGE HERO HAUNTS THE TWO COMIC BOOK CREATORS HIRED TO REBOOT THE CHARACTER IN THE NEW IMAGE COMICS SERIES!

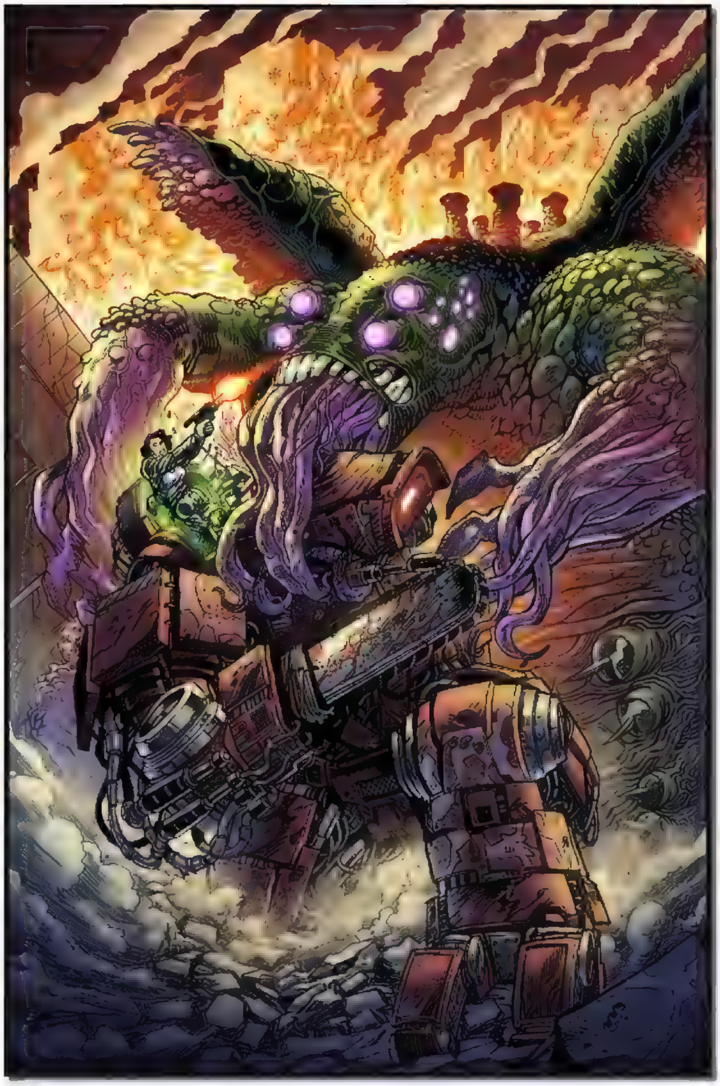
FROM American Gothic Press
THE NEW IMPRINT OF FAMOUS MONSTERS® OF FILMLAND

AMERICAN GOTHIC: Famous Monsters' Journey to Comic Books

When founding editor Forrest J Ackerman started Famous Monsters of Filmland in 1958, he created both a magazine and a figurative monster of a cultural movement. Ask any genre filmmaker about their childhood influences, and a huge majority will mention Famous Monsters, which shared the Warren Publishing imprint with magazines like CREEPY, EERIE, and VAMPIRELLA, and spent the better part of the 60s and 70s uncovering movie magic in black and white newsprint to countless teenagers across the country. Other entertainment magazines focused on celebrities; Famous Monsters celebrated misfits—the masters of their trade.

When the magazine was relaunched in 2010 to "Uncle Forry's" blessing, Publisher Philip Kim and the new design team hit the ground running with the coverage of movies, television, comic books, and anything else relevant to the world of bizarre creatures. It just so happened that this coincided with comic books becoming increasingly popular source material for other forms of entertainment, evidenced by DC's television shows and the Marvel Cinematic Universe. Everyone's been getting the comic book itch, and FM has been there to document its development, bringing a childlike wonder to journalism long missing since the advent of internet-driven cynicism. FM remains enamored by imaginative notions. It reps the kids learning to swordfight with wooden sticks. And in a move that may seem unprecedented but really just closes the gap between its origins and current incarnation, FM is bringing original comics to the table in 2015.

The new imprint, American Gothic Press, will be launching with Famous Monsters Presents GUNSUITS, a four-part miniseries bristling with Sci-Fi brawn and monster battles. Cassandra "Potts" Potter and her metal gunsuit, Shell, lead a war against interdimensional bio-mechs that may be going badly in this universe but won't be truly lost until every possible reality is searched for human victory. Based on the short story "Wormholes", GUNSUITS is driven by writer Paul Tobin's (BANDETTE, COLDER) quirky-yet-tough-as-nails characters and artist P.J. Holden's (NUMBERCRUNCHER) nightmarish apocalyptic vision.



Other upcoming titles include BORNHOME, from Eisner winner Paul Tobin and industry legend Jeff Johnson (GREEN LANTERN, X-O MANOWAR); and BROKEN MOON, from Steve Niles (30 DAYS OF NIGHT, CRIMINAL MACABRE) and Nat Jones (SPAWN, '68).

From Dr. Acula to vintage book shops, FM is truly an American Gothic, rediscovering its roots in the comic book world. Come join the kickoff by ordering GUNSUITS #1, solicited in this issue and shipping in June!

Thanks to its delightful artwork and irreverent humor, this hilarious comic by writer Mikael Wulff and illustrator Anders Morgenthaler has grown from an underground sensation to one of the biggest and most popular strips in Europe. WuMo's inventiveness is reminiscent of their countryman Hans Christian Andersen, if Andersen's fairy tales had been populated by sadistic pandas, disgruntled office workers, crazy beavers, Albert Einstein, Snoop Dogg, and Darth Vader. MINIONS! #1

Titan Comics

More bananas than you could ever imagine!!!

This June, Titan Comics bring us Kevin, Bob, and the rest of those despicable banana-loving Minions in their own 4 issue miniseries.

Taking place before the yellow henchmen inevitably team up with Gru, *Minions #1* brings the lunacy of the *Despicable Me* to the comic book medium with all-new stories. Despite getting distracted by shiny objects along the way, the Minions have a destiny to serve the most diabolical mastermind in existence!

Packing humor onto every panel, French masters of artistic storytelling Renaud Collin and Didier Ah Koon bring their immensely creative mindset to *Minions* that leaves you wanting more. Collin illustrated various French comics and graphic novels including *Le Monde Selon Francois*, *Otto* and *Spirou*, while Ah Koon served as storyboard artist for Illumination Entertainment, helping bring to life many beloved projects such as *Despicable Me 1 & 2* and *The Lorax*. Together, they bring their playful, emotive storytelling and art, filling every page to the brim with joy.

Minions #1 is guaranteed to get you ready for their big screen summer debut.

Embrace the minions! Banana!

21ST CENTURY TANK GIRL #1

Titan Comics

Grab your helmets, and shake your cans, comics readers! Tank Girl's bearing down on us with rockets and a killer new series hot out of the UK. Original *Tank Girl* author, Alan Martin, and original *Tank Girl* artist, Gorillaz band designer and trophy-winner Jamie Hewlett, have returned in Titan's newest incarnation of post-apocalyptic Australia's winner for "Gal With The Best Treads."

Told in the classic vignette-adventure style of the original comics, the new series has all the disjointed, quick-laugh, plot-tossing adrenaline we look for in a *Tank Girl* collection. Booga's screwed up. Jet Girl's topless. Gangs want Tank Girl's tank. There are jeeps to win and if there are planets to blow up first, that's fine. Just you wait for the next 10 pages when she blows up something bigger!

CROSSED +100 #7

Retail Price: $3.99

Writer: Simon Spurrier

MR, Color, 32 pages, monthly

SPOTLIGHT *"Si Spurrier attacks a concept with a ferocity that's unlike that of anybody else, cracking its bones to see what the marrow tastes like and delivering something startling, dreadful, funny and heartfelt; something visceral and smart and crackling with original ideas. With his run on Crossed +100 he takes that skull-littered wilderness in a direction which is shocking, perfect, and one that I'd never have dreamed of in a hundred years. This, believe me, is going to be **** movie."*

—Alan Moore

About: A new chapter in Alan Moore's future Crossed world begins here with his hand-picked successor - Simon Spurrier! Based on the vast world-building notes from Alan Moore, the author of Crossed: Wish You Were Here continues the dystopian narrative based 100 years after C-Day.

After the shocking revelations and atrocities of last issue, Future had to make some hard choices. Now we catch up with her a few years later as Spurrier continues the outline of the intricately detailed world that sprung from the mind of Alan Moore. Several special themed covers continue to enrich the series:

American History X Wraparound: Each of these will depict a specific time in the past hundred years, showing how things have changed and offering a peek at some key events. Each cover will display the year in which it takes place to help build the full picture.

Crossed Wires: The Crossed just don't see or make things the same way a person would, these images celebrate that day-to-day madness.

WHAT'S TO LOVE

Curt Pires *(POP, Mayday)* is a fountain of fascinating ideas, and we're excited to publish his latest offering, ***The Fiction***. Fans of titles like *Locke & Key* and *The Unwritten* will take to its story about a group of childhood friends who discover doorways to other worlds through a set of strange books. Bringing this story to life is David Rubín, who Paul Pope dubbed "...a big talent and the real deal."

WHAT IT IS

Four childhood friends discover a box of strange books that, when read aloud, can transport them to the beautiful, imaginary worlds described within. But when one of them goes missing, the others vow never to reveal where they've been and what they've seen. Years later, when one of the remaining kids, now an adult, also mysteriously disappears, it's up to the last two of the group to dig up their dusty books to find him and finally figure out what happened to their friend all those years ago.

WHAT'S TO LOVE

Two of the industry's most respected and prolific creators come together for the first time in a deeply personal passion project. J.G. Jones *(52, Wanted, Y: The Last Man)* and Mark Waid *(Irredeemable, Superman: Birthright, Kingdom Come)* take on a powerful, beautifully painted story set during the Great Mississippi Flood of 1927. ***Strange Fruit*** is a challenging, provocative examination of the heroic myth confronting the themes of racism, cultural legacy, and human nature through a literary lens, drawing from Southern folklore and tradition.

WHAT IT IS

It's 1927 in the town of Chatterlee, Mississippi, drowned by heavy rains. The Mississippi River is rising, threatening to break open not only the levees, but also the racial and social divisions of this former plantation town. A fiery messenger from the skies heralds the appearance of a being, one that will rip open the tensions in Chatterlee. Savior or threat? It depends on where you stand. All the while, the waters are still rapidly rising...

WHAT'S TO LOVE

We're thrilled to publish the one new original series co-created and written by Frank J. Barbiere *(Five Ghosts, Avengers World)* in 2015. ***Broken World*** is a gripping sci-fi thriller and survival adventure great for fans of *Y: The Last Man* or *The Massive*. Barbiere and co-creator/artist Christopher Peterson *(Grindhouse, Mayday)* will explore the lives of people left behind in the apocalypse.

WHAT IT IS

With a meteor days away from causing an extinction-level event on Earth, time is running out for Elena Marlowe. While most of the planet's population and her family were approved by the government to escape on one of the giant spaceships headed to another planet, her application was denied due to her mysterious past. With the meteor fast approaching, Elena desperately tries to find a way to fake her way onto the last ship or else be left behind to die with the rest of Earth's rejected denizens.

A FEW WORDS WITH **FRANK J. BARBIERE**

The end of the world is a common theme in sci-fi stories. How is *Broken World* different?

FRANK J. BARBIERE: We've certainly got a large "twist" in our series that I can't give away, but on the whole we're really digging in here to focus on character rather than external conflict. In a lot of post-apocalyptic stories there's a very clear "antagonistic force"—whether it be fictional creatures, disaster, etc.—that takes the front seat, but with *Broken World* we're really focusing on rich characters who have been put in an extraordinary situation. Seeing how they respond, how they change, and watching them rise to the occasion is going to be the real hook of the series, as well as slowly learning about their pasts and who they'll become on our "broken world."

***Broken World* is your only new creator-owned work in 2015. Why are you focused exclusively on this title this year?**

FJB: These projects take a long time to come to fruition, and I've been discussing *Broken World* for a long time. I'm very happy to have a good amount of work for hire, as well as the continued success of *Five Ghosts*, but I really wanted to pare down the amount of new stuff I was putting out and refocus to make this the best book it can be. Beyond just being a story I'm excited to tell, *Broken World* really puts a lot of my growth and evolution as a writer on display, and when you're trying to do something really special it helps to have focus. I've got a lot of other stuff brewing, but *Broken World* has my full attention for 2015.

ERIC POWELL'S THE GOON IS BROUGHT TO LIFE WITH A NEW STATUE 74

In the world of Eric Powell's *The Goon*, the titular character is a hulking brute of a carny who battles both monsters and mobsters. This summer, Dark Horse Comics sculpts The Goon for a new limited edition statue. Sculpted by Sean McNally, *The Goon Statue* is a full-color piece that stands 8" tall and depicts the Goon in his familiar faded blue shirt with green stripes and flatcap, armed with a pistol and a hatchet to take on any threat to his friends!

THE CREATURE FROM THE BLACK LAGOON RISES WITH A LIVING DEAD DOLL 511

This summer, Mezco Toys adds the Creature to their best-selling *Living Dead Dolls* line. The *Living Dead Dolls: Creature from the Black Lagoon Doll* is perfect for collectors. Standing 10" tall, it features a detailed design and comes in a special collector's package!

EVIL DEAD 2: BEYOND DEAD BY DAWN #1

Space Goat Productions

As a fan of Mel Brooks' movies I immediately took to the slapstick style of *Army of Darkness* and its lead actor, Bruce Campbell. The movie's tag line "Trapped in time. Surrounded by evil. Low on gas." sounded fun and the guy had a chainsaw for a hand on the cover with zombies ("Deadites" in the film) trying to murder him.

Bruce was playing the role of Ashley "Ash" J. Williams. Ash was an S-Mart store clerk from the housewares department looking to take his girl out to a cabin in the woods for a romantic weekend with some of their friends when they accidentally stumble onto the *Necronomicon Ex Mortis*. They accidentally unleash evil spirits, lots of them die, and Ash gets sent backwards in time through a portal to fight the Deadites in the past. This was all in the first few minutes of the movie! Later when I watched *Evil Dead 2* I would realize that they were recapping the events of that film and that *Army of Darkness* was a sequel to that movie. The one-liners were campy, the special effects were hilarious, and there were other movies set in the same universe.

While *Army of Darkness* was the sequel to *Evil Dead 2*, the folks at Space Goat Productions are giving fans another sequel to *Evil Dead 2* but from a different perspective. *Evil Dead 2: Beyond Dead by Dawn* #1 picks up just where the movie left off (just like *Army of Darkness*) but this time instead of following Ash through the portal we will see what happened next in that cabin in the woods.

The comic will follow Annie Knowby, was last seen reciting the final incantations from the *Necronomicon* to banish the evil from our world just as she was stabbed in the back by a dagger held by Ash's Deadite-possessed severed hand. This new installment in the *Evil Dead* franchise answers a question I've often wondered. Where do the souls of the dead go when the Deadites claim them? Will Annie be able to fight her way back to the land of the living to shop at S-Mart again or will she become one of the Deadites looking to swallow our souls for eternity?

Head back to the cabin this June with *Evil Dead 2: Beyond Dead by Dawn* #1, written by Frank Hannah (*Batman Arkham Origins* [AUG140339]) with art by Barnaby Beganda.

THE GUN #1

(W) John Ulloa (A/CA) Jose Varese

The Gun is a series that revolves around the effect that a mysterious handgun, forged almost a century ago, has on the lives of the people who briefly possess it, as it passes from hand to hand. The first issue is the story of a middle-aged struggling writer who, at the end of his rope, gets a new lease on life when he purchases a gun at a pawnshop. His life is suddenly worth living again, until it's not. (STK672986)

Meet Richard Henry Benson--the Avenger! His pallid features forever deadened by a criminal act, he is the ultimate master of disguise and uses his skills to mete out retribution to those who would prey on the innocent! But can even Benson triumph over an Invisible Man...? Fan-favorite writer Mark Waid – who is hotter than ever thanks to his work on Daredevil and Star Wars: Princess Leia – brings his personal favorite pulp hero back to comics with all-new, explosive adventures!

"Having the opportunity to dive into the psyche of a crimefighter as unique as Benson has been a lifelong dream," says Waid. "I've been thinking about what his life and mind would be like ever since I read my first Avenger paperback back in the day. How does a man live his life when he has nothing to live for but justice? How does he navigate in a world of life and love and joy when his own features are frozen and stiff like putty, mirroring his cold, dead insides? I've been aching to write this story!"

A team-up set up by SWORDS OF SORROW's Gail Simone, featuring the writer that she hand-picked: Nancy A. Collins! Now that the threat of the Pacifica Slasher/Anaheim Ripper has been handled, Vampirella must figure out how to survive in a world without monsters—including where to find her next meal. Meanwhile, Jennifer Blood turns her attention to Los Muertos, a deadly narco gang with a fondness for turning the faces of those who cross them into sporting goods. However, her plans for the gang's leaders are derailed by yet another Jennifer Blood copycat—one who bears a disturbing resemblance to a certain voluptuous vampire.

SPOTLIGHT ON

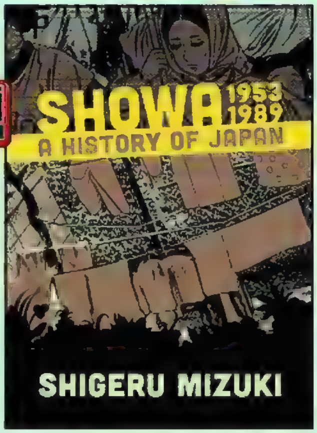
SHOWA: A HISTORY OF JAPAN VOLUME 4: 1953-1989 TP



(W/A/CA) Shigeru Mizuki

読漫画 MANGA MONTH

The final volume of the Eisner-nominated history of Japan. *Showa 1953-1989: A History of Japan* concludes Shigeru Mizuki's dazzling autobiographical and historical account of Showa period Japan, a portrait both intimate and ranging of a defining epoch. The final volume picks up in the wake of Japan's utter defeat in World War II, as a country reduced to rubble struggles to rise again. A former enemy becomes their greatest ally as the USA funnels money, jobs, and opportunity into Japan, hoping to establish the country as a bulwark against Soviet communist expansion. Japan reinvents itself, emerging as an economic powerhouse. Events like the Tokyo Olympiad and the World's Fair introduce a new, friendly Japan to the world, but this period of peace and plenty conceals a populace still struggling to come to terms with the devastation of WWII. The original Japanese edition won the prestigious Kodansha Manga Award; the English translation has been nominated for an Eisner Award. (STK673024) (C: 0-0-1)

A DRIFTING LIFE TP (CURRENT PRINTING)

(W/A/CA) Yoshihiro Tatsumi

読漫画 MANGA MONTH

Yoshihiro Tatsumi has been called "the grandfather of Japanese alternative comics" and has influenced generations of cartoonists around the world. Now the visionary creator of *The Push Man* and *Good-Bye* has turned his incisive, unflinching gaze upon himself. *A Drifting Life* is Tatsumi's most ambitious, personal, and heart-felt work: an autobiographical *bildungsroman* in comics form. Using his life-long obsession with comics as a framework, Tatsumi weaves a complex story that encompasses family dynamics, Japanese culture and history, first love, the intricacies of the manga industry, and most importantly, what it means to be an artist. ABANDON THE OLD IN TOKYO TP

(W/A/CA) Yoshihiro Tatsumi

読漫画 MANGA MONTH

Abandon the Old in Tokyo continues to delve into the urban underbelly of 1960s Tokyo, exposing not only the seedy dealings of the Japanese everyman but Yoshihiro Tatsumi's maturation as a storywriter. Many of the stories deal with the economic hardships of the time and the strained relationships between men and women, but do so by means of dark allegorical twists and turns. A young sewer cleaner's girlfriend has a miscarriage and leaves him when he proves incapable of finding higher paying work. (STK460064)

(W/A/CA) Oji Suzuki

読漫画 MANGA MONTH

In this collection of hauntingly elliptical short stories, Oji Suzuki explores memory, relationships and loss with a loose narrative style, filling each tale with a sense of unfulfilled longing. He plumbs the dissolute depths of human psychology, literally bathing his characters in expansive shadows that paradoxically reveal as much as they obscure. Though he touches on many of the same themes as his contemporaries in the field of post-war alternative manga, Suzuki's ever-shifting narrative approach and dashes of surrealist humor distinguish his work from his peers. BLACK BLIZZARD GN

(W/A) Yoshihiro Tatsumi

(CA) Yoshihiro Tatsumi, Adrian Tomine

読漫画 MANGA MONTH

Created in the late 1950s, *Black Blizzard* is Yoshihiro Tatsumi's remarkable first full-length graphic novel and one of the first published examples of Gekiga. Susumu Yamaji, a Young pianist, is arrested for murder and ends up handcuffed to a career criminal on the train that will take them to prison. When an avalanche derails the train, the criminal takes the opportunity to escape, dragging a reluctant Susumu with him. They flee into the mountains, taking shelter from the storm. *Black Blizzard* uncovers an unlikely love story and an even unlikelier friendship. (STK412316)

THE BOX MAN HC

(W/A/CA) Imiri Sakabashira

Enter the strange world of Imiri Sakabashira, whose denizens are zoomorphic creatures that emerge from one another as well as their equally bizarre environs. *The Box Man* follows its protagonists along a scooter trip through a complex landscape that oscillates between a dense city, a countryside simplified to near abstraction, and hybrids of the two. Sakabashira weaves this absurdist tale in a seamless tapestry constructed of elements as seemingly disparate as Japanese folklore, pop culture, and surrealism. (STK402046)

GOOD-BYE

GOOD-BYE TP

(W/A/CA) Yoshihiro Tatsumi

Drawn in 1971 and 1972, these stories expand Yoshihiro Tatsumi's vocabulary for characters contextualized by themes of depravity and disorientation in twentieth-century Japan. Some of the tales focus on the devastation the country felt as a result of World War II: in one story a man devotes twenty years to preserving the memory of those killed at Hiroshima, only to discover a horrible misconception at the heart of his tribute. Tatsumi's characters muddle through isolated despair and fleeting pleasure to live out their darkly nuanced lives. (STK460067)

NONNONBA GN

(W/A/CA) Shigeru Mizuki

NonNonBa is the definitive work by acclaimed Gekiga-ka Shigeru Mizuki, a poetic memoir detailing his interest in *yokai* (spirit monsters). Within the pages of *NonNonBa*, Mizuki explores the legacy left him by his childhood explorations of the spirit world, explorations encouraged by his grandmother, a grumpy old woman named NonNonBa. *NonNonBa* is a touching work about childhood and growing up, as well as a fascinating portrayal of Japan in a moment of transition. *NonNonBa* was the first manga to win the Angouleme Prize for Best Album. THE PUSH-MAN AND OTHER STORIES TP

(W/A/CA) Yoshihiro Tatsumi

Thirty years before the advent of the literary graphic novel movement in the United States, Yoshihiro Tatsumi created a library of comics that draws parallels to modern prose fiction and today's alternative comics. The stories collected in *The Push Man* are simultaneously haunting, disturbing, and darkly humorous. A lone man travels the country, projecting pornographic films for private individuals while attempting to maintain a normal home life. An auto mechanic's obsession with a female TV personality turns fatal after a chance meeting between the two. (STK460063)

FALLEN WORDS
EIGHT MORAL COMEDIES BY THE CREATOR OF A DRIFTING LIFE

FALLEN WORDS GN

(W/A/CA) Yoshihiro Tatsumi

Each of the eight stories in the collection is lifted from the Edo-era Japanese storytelling form *rakugo*. As Tatsumi notes in the afterword, the world of rakugo, filled with mystery, emotion, revenge, hope, and of course, love, overlaps perfectly with the world of gekiga that he has spent the better part of his life developing. These stories resonate with modern readers thanks to their comedic elements and familiarity with human idiosyncrasies. Tatsumi's love of wordplay shines through, yet he still offers timeless insight into human nature. (STK460062)

KITARO GN

(W/A/CA) Shigeru Mizuki

Meet one of Japan's most popular characters of all time — the one-eyed monster boy Kitaro. He's just like any other boy, except for a few small differences: he only has one eye, his hair is as an antenna that senses paranormal activity, his geta sandals are jet-powered, and he can blend in to his surroundings like a chameleon. Oh, and he's a three hundred and fifty year old *yokai* (spirit monster). With all the offbeat humor of an *Addams Family* story, *Kitaro* is a light-hearted romp where the bad guys always get what's coming to them. (STK524773)

ONWARD TOWARDS OUR NOBLE DEATHS GN (CURRENT PRINTING)

Shigeru Mizuki is the preeminent figure of Gekiga manga and one of the most famous working cartoonists in Japan today. *Onward Towards Our Noble Deaths* is his first book to be translated into English and is a semi-autobiographical account of the desperate final weeks of a Japanese infantry unit at the end of World War II. The soldiers are told that they must go into battle and die for the honor of their country, with certain execution facing them if they return alive. (STK436995)

(W) Jack Baxter, Joshua Faudem
(A/CA) Koren Shadmi

MIKE'S PLACE
A TRUE STORY OF LOVE, BLUES, AND TERROR IN TEL AVIV

Mike's Place was one of the few spots in Tel Aviv where Jews, Christians, and Muslims could hang out peaceably, surrounded by the expats who filled the bar every night. It was a cosmopolitan haven from the conflict, a local gem that many pointed to as a hopeful sign that peace could come to the Middle East after all. In the spring of 2003, filmmakers Jack Baxter and Josh Faudem had just begun making a documentary about the phenomenon of Mike's Place. And then the bar was destroyed in a suicide bombing that took three lives and wounded another fifty people — an attack that changed Jack and Josh's lives forever. *Mike's Place* is a gripping nonfiction accounting of the lives of a handful of people who came together in hope, then had to find their way together through despair. BRENDA STARR
The Complete Pre-Code Comic Books: Volume Two
POISON

Before Fredric Wertham and The Seduction of the Innocent (SOTI), before before the infamous Comics Code, the comic book racks at local drug stores and newsstands boasted a plethora of delights highlighted by the good girl adventures of the comic book version of Brenda Starr. These four-color wonders displayed all the finer things loved by comic book buyers: good girls, bondage, a little torture, and other delectable things, which adults thought would corrupt the morals of young and impressionable readers. Now, for the first time in over 50-years, comics fans can read and own these rare comics from another era, digitally restored to perfection and presented in an archival hardcover. This volume presents the remaining four *Brenda Starr* Pre-Code books, issues #9-12, and the very mod and 1960's version of Brenda drawn and scripted by Dale Messick. (STK667226) (C: 0-1-1)

When Ryoko Kiyami, a manga character from a manga world, falls through the Rip into the "real" Western world, he must learn to survive as an outsider at a typical American high school. He must find a way back through the Rip to his manga world, but things tangle up when he develops "hearts for eyes" for a beautiful girl from the wrong kind of comic book. This metafictive masterpiece blends manga and traditional Western comic book styles to create a complex comic hybrid that's both hilarious and heartbreaking. (STK475535)

BRAVO FOR ADVENTURE

IDW Publishing

When it came to doing comics, Alex Toth got it -- it's all about the storytelling. If I had to pare my list of favorite comic book artists down to my top 5, Alex Toth would be number one. (Sheldon Mayer, Joe Kubert, Steve Ditko, and Jack Kirby would round out the top 5).

I've been collecting comics with Alex Toth's work for years, from *All American Western* with Johnny Thunder to *Walt Disney's Zorro*. It was fun it was going through boxes of miscellaneous comics at conventions. It was also just as exciting when I'd see a new work from Toth, be it Black Canary in *Adventure Comics* or *Torpedo* from Catalan. And then there is *Bravo for Adventure* which I first came across in Warren Magazine's The Rook.

Bravo for Adventure was Toth's homage to the action-adventure stories of movie studio glory days. Toth's Jesse Bravo could have easily been played by Errol Flynn, whose *Adventures of Robin Hood* is one of my all-time favorite films.

While Dragon Lady Press would provide Toth's fans with as much of *Bravo* as was available at the time, we knew there was more but nothing more was forthcoming. Until now.

The folks behind *The Library of American Comics* with IDW Publishing are producing the definitive collection of Alex Toth's *Bravo for Adventure*. This will be the perfect companion to their *Alex Toth Genius* collections. Collecting all previously published stories along with prelims, designs, and unfinished story fragments we get to see what could and should have been. There are even samples of Toth's color work done for that originally planned French edition from 1975. Just goes to show that Toth knew Black & White and Toth knew color.

This is the perfect addition to your library shelves right next to the three volumes in the *Genius of Alex Toth* and maybe even a slipcase for those of us who bought the books prior to the slipcase being produced.

THE LEAGUE OF REGRETTABLE SUPERHEROES

Quirk Books

Most of us know the origin stories of Superman and Spider-man! But what about classic characters like Bozo the Iron Man? Rainbow Boy? Doctor Hormone?

Any comics fans can recount the adventures of everyone's favorite dynamic duo Batman and Robin. But it is a true fan who know about the timeless, tireless twosome, Nightmare and Sleepy!

For any comics fan there is a fond nostalgia that we feel for the characters that we know and love, but in order to get the greats that have stood the test of time we had to go through a couple of duds. Thankfully Quirk Books is there for us and we now have a truly wonderful book that chronicles some of the greatest comic duds of all time. As a long time fan of the under-appreciated, the uncensored, and the hilarious I am very proud to introduce you to *The League of Regrettable Superheroes*!

Appropriately subtitled "Half-Baked Heroes from Comic Book History," Jon Morris takes us from the very beginning to the very recent in comics history showcasing in biographical details many of the comic characters that weren't quite up to muster to last until today but are none-the-less insanely hilarious and so much part of what has made the comics book industry so unique as a pop culture medium.

If you have ever scoured the Golden and Silver Age long-boxes at a convention like I have and gotten a chuckle out of the likes of Kangaroo Man, Ultra, the Multi Alien, or even everyone's favorite ROM, Spaceknight this book is absolutely for you! An absolute fun book to read Morris, gives fans everything from the all-important origin story, to the created creators (which some will surprise you), to recounts of some of these guys crazy adventures.

As a comics fan you owe it to yourself to pick up this book. You'll be glad you did because now you cannot only tell all of your friends about the skirmishes that the Avengers have gotten into over time, but you'll be able to pull out gems like "did you know that Will Eisner created the classic character Doll Man "who no fist could hold?"!

RECKLESS LIFE: THE GUNS 'N' ROSES GN

(W) Jim McCarthy (A/CA) Marc Olivent

They've sold over 100 million albums, recorded the most expensive album ever, endlessly courted controversy with their lyrics, and embrace a full-on hedonistic lifestyle: Guns N' Roses are well acquainted with rock 'n' roll excess. In this spectacular new graphic biography, Marc Olivent's stunning artwork and Jim McCarthy's incisive script perfectly capture the rollercoaster tale of Axl Rose, Slash, Izzy Stradlin, Duff McKagan, Steve Adler and the many others who have passed through the Guns 'n' Roses story. And it's all here: the feud between Axl and Kurt Cobain, the riots during concerts, the acrimonious departure of Slash from the band, the inevitable drugs and groupies and, of course, the music. Being a teenager is never easy, especially for a centaur! Himeno is a sweet, shy girl, who, like many teens her age, struggles with the trials and tribulations of attending high school. The difference is she's a centaur; but she's not alone. In fact, all of her classmates are supernatural creatures, sporting either horns, wings, tails, halos, or some other unearthly body appendage. Yet despite their fantastical natures, Himeno and her best friends — the dragon-winged Nozomi, and Kyoko with her spiraled horns — are down-to-earth, fun-loving teenagers who grapple with issues of life and love in a mostly normal daily school setting. LONG LIVE THE KING!

DEATH SENTENCE

Death Sentence was Titan Comics' break-out sell-out smash when it launched, wowing readers and critics alike.

Ever since, fans have been screaming for an encore from Weasel, Verity and the whole *Death Sentence* crew. This July it comes screaming back with a new series of global scope and a red hot new artist!

In this Diamond-exclusive interview, **Monty Nero** – the writer and co-creator of the brand-new series – digs deep and gets dirty!

MONTY NERO

WRITER, *DEATH SENTENCE: LONDON*

The high-concept of the first volume of *Death Sentence* – a sexually-transmitted virus grants people superpowers, but only six months to live – captured a lot of attention. As your first comic, what was it like to get that kind of response?

CRAZY! I'd spent my whole life thinking, if only they did a comic like this I'm sure people would dig it. And they did. It was thrilling. It's not so much the idea, I think – ideas are ten-a-penny – more the execution that people responded to. If you love or once loved super powers, but are kind of jaded by the whole approach taken elsewhere, then *Death Sentence* is the comic to revitalize your interest.

What makes this volume of *Death Sentence* different from the first? Scale? Scope? New characters? All of the above?

All three. We've really gone for it. The first series was just six issues. Now we know there's an audience we've planned long term - I've written twelve new scripts, we've got art already finished on five of them. It's beautiful stuff.

The first comic focused on just three protagonists. Now we start to see the terrifying ramifications for the world. You've got the threat of the global pandemic itself, and the threat of ordinary people with supernormal abilities. These aren't heroes, or villains, they're ordinary people, artists, musicians, trying to make sense of it all and live their lives to the full in the time they've got left. There's five freaky new characters – plus Verity and Weasel, of course. It's an explosive situation.

The story continues straight on from the graphic novel – will new readers still be able to jump on board fresh?

Absolutely. The new character, Jeb Mulgrew, is an FBI agent who's been deep undercover for a year. There's an amazing intro to him - then he comes back home and has to get up to speed on the G-plus virus for a new mission. So if you're a new reader he's your eyes into this world. But he's so much more multi-layered than that. There's a lot of mystery and fear in the air, and Jeb is the key to unlocking the truth about G-plus.

Martin Simmonds joins you as interior artist for this brand-new story – how did you start working with Martin, and what does he bring to the *Death Sentence* universe?

I knew Martin from comic cons. I've watched him develop as a promising sequential artist for years. To be able to paint that well, that fast, is mind blowing. As an artist myself I really don't know how he does it. One of our characters manipulates light to make art, which is an incredible opportunity to cut loose with the visuals. I'd compare him to early Ashley Wood, or Bill Sienkiewicz. One of the things I love in comics is watching a talented artist unleash a career-making run, and that's what Martin Simmonds has done here. I mean, I've got his art from issue five in my hands - it's breathtaking!

Death Sentence: London #1 is released **June 10.** Retailers can e-mail **ricky.claydon@titanemail.com** right now for PDFs of the first two issues!

But can it be that the fiction is closer to historic fact than was ever previously guessed? Now a series of tales, told in hand-written journals and reported first-hand by those that knew him, reveal Mono as a dual-natured and conflicted adventurer — savage and noble; civilized, but ultimately untamable. BORB GN

(W/A/CA) Jason Little

Borb by Jason Little (*Shutterbug Follies, Motel Art Improvement Service*) is the story of Borb, a severely alcoholic homeless man. Borb is a downtrodden urban Candide whose misfortunes pile up at an alarming rate. The narrative is presented as a series of daily newspaper strips as the author draws on the long and complex tradition of the comic strip slapstick vagabond archetype. At once hilarious, horrifying, and full or heart, *Borb* depicts the real horrors specific to present-day urban homelessness. *Borb* is Little's most complex and challenging work. A *MANGA MONTH* MESSAGE FROM YEN PRESS' KURT HASSLER

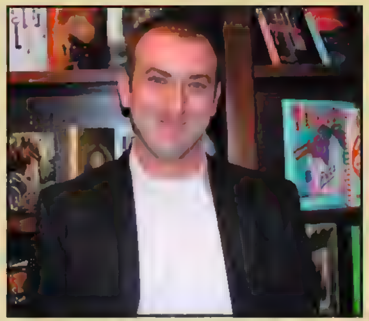
読漫画
MANGA MONTH



My Friends,

The manga market in the U.S. has a lot of history crammed into a relatively short period of time. Of course, if you want to look back to the roots, you'll find it stretches back quite a distance with publishers like Dark Horse and Viz paving the way, but is wasn't until about 2000-2001 that it really started to carve out its major niche in the marketplace. You had a whole confluence of events going on at the time with *Pokémon* seizing kids' attention, Cartoon Network breaking new ground for Japanese animation on their Toonami and [adult swim] programming blocks, and mainstream bookstores filling their shelves with some of the first major breakout successes like *Sailor Moon* and *CardCaptor Sakura* — a trend I got to see firsthand buying for Waldenbooks and Borders. It's gratifying these days to see so much attention being paid to female creators and readers in the broader market space for comics, but if you talk to anyone who watched the arc of manga's growth in the states, they'll be quick to tell you that girls (and young women and women!) were a HUGE part of manga's success.

In my years since Borders and helping to establish Yen Press as a major publisher of manga in this market, it's been a wild ride. Manga reached undreamt of heights in the years leading up to 2006 only to experience a major contraction for a few years during some of the economy's worst turmoil and a very real impact on readership as a consequence of online piracy. But the core fan base hung in there. The animation side of the business took some major knocks, suffering from their own piracy issues and contracting television exposure. There was a lot of talk that the "bubble had burst" and that manga had seen its day in the sun here. And yet the fans were still always there. Businesses transform, and in the interim, Japanese pop culture has found new outlets mainly through streaming animation on sites like Crunchyroll, Hulu Plus, and even Netflix. Anime and manga fan conventions around the country have only gotten bigger in the interim, with the biggest posting record numbers year after year. And the manga business has come roaring back with major successes like *Attack on Titan* and *Sword Art Online* leading the charge.

The manga business is here to stay, my friends, and in all of our businesses, we really have to thank the fans for that. They are the cornerstones of our mutual success, and they have our gratitude! I would encourage every retailer reading this to welcome those fans enthusiastically into their establishments. You'd be hard-pressed to find more loyal customers, and I can personally vouch for their eagerness to open their hearts (and wallets) to you!

Sincerely,

Kurt Hassler

SKETCHBOOK: LE ROUX #1

(W) Comixburo (A/CA) Etienne Le Roux

Let yourself be transported by Étienne Le Roux's poetic and elegant style (*Le Temple du passé, 14/18, Le Serment de l'ambre*). This sketchbook offers you a exciting stroll in a daydream world. Nude women subtly drawn are nestled in the first pages of this book. Le Roux's style is delicate, fluid and precise in the same time. Within the pages, women become wild, warriors or amazones, and gentleness is replaced by a perfectly executed heroic-fantasy universe. Then, we're reminded of Étienne Le Roux's delicateness and precision as he draws this tribute to King-Kong or the space ships of the futurist closed-door comics *Le Temple du passé*. **French text.** (STK671030) (C: 0-1-1)

You'll be amazed by the wide range of styles offered by the gifted artist Yoann. If his sketchbook of course puts the emphasis on Spirou sketches, it also presents the artist's more private and personal work and abounds with all kinds of treasures: nude and live models, studies, characters captured on the spot, portraits of cartoonists, tribute to a cast of heroes as diverse as Nävis, Gaston, Lucky Luke, Tintin, Merlin, Hulk, Wolverine or Batman. Yoann confirms the scope of his talent and his ability to establish his personality in styles ranging from children's albums and animals stories to humourous and adventure comics. **French text.** (STK671029) (C: 0-1-1)

THE ULTIMATES: AGAINST ALL ENEMIES AUDIO CD

The alien shapeshifters called the Chitauri were defeated by the Ultimates in a decisive battle, but suspicious activity leads the Ultimates to believe that not all of the aliens were destroyed in that cataclysmic attack. Frustrated by the government's seeming unwillingness to protect its own people, Captain America takes matters into his own hands, leaking the technology so that it can be manufactured and distributed throughout the country. His radical actions sow discord among the Ultimates and within the highest levels of government, raising a troubling question: Could this disunity and chaos be playing right into the Chitauri's hands? The definitive guide on how to be a Time Lord, written by the eleventh Doctor as a secret gift for the twelfth. This ancient Time Lord manual has been kicking around the TARDIS for over 1200 years, giving the Doctor plenty of time to "improve" it with scribbles, doodles and post-it notes as a gift for his successor, the twelfth Doctor. He's even ripped out the middle of the book and replaced it with a scrapbook packed with everything important to our hero, and how to be just like him! So if you have ever wondered if you'd cut it in the Time Lord Academy, how to fly the TARDIS, or the correct way to dip a fish finger into custard, this is the book for you! The use of the static display concept ensures that there are no cooling lines on the torsos and no visible ball joints that are prominent in most "action" figures. Additionally, the figures are set in a Marvel suggested pose so that the body portions won't be deformed when the poses are changed. Based on this summer's film, *Marvel's Avengers: Age of Ultron*, this figure recreates the Hulk with a new color scheme. (STK673517) Scheduled to ship in June 2015. BUT YOU *ARE* GOING TO TRY TO CONVINCE ME TO COME TONIGHT, RIGHT?

HELL, I DON'T EVEN KNOW IF *I'LL* SHOW UP.

THE REAL QUESTION IS, WILL *MOMMY DEAREST* MAKE AN APPEARANCE?
OH GOD, I HOPE NOT. THEN IT REALLY WILL BE A FUNERAL.
YOU'RE CRUEL.
DO YOU STILL MISS IT, BARBIE?
"THE WAY IT WAS?"
OH, I DON'T KNOW. SOMETIMES. BUT THE WAY YOU MISS SEEING OLD FRIENDS YOU HAVEN'T SEEN IN YEARS. YOU KNOW THAT IF YOU WENT BACK, IT WOULDN'T BE THE SAME AS IT WAS.

O/A STAR WARS EPISODE 1: OBI-WAN KENOBI STUNT LIGHTSABER REPLICA

In the *Star Wars* films not only do they make multiple copies of the props we see on screen, but different versions as well. These are divided into two categories commonly called "Hero" and "Stunt." Hero props are made for close-ups and promotional pictures. Most of the time when a lightsaber is ignited on screen, it is a stunt version of the hilt. These propss are cast in resin from the hero prop then painted to look just like the hero prop. They are lighter and easier to wield while filming action scenes. In the case of the stunt lightsabers, there is usually a rod attached to the hilt so that the actors can actually duel and make contact with the blades. These rods are also invaluable reference points for the F/X technicians. This stunt lightsaber is a faithful replica of the hero prop used by Ewan McGregor as Obi-Wan Kenobi in *Star Wars Episode I: The Phantom Menace* and comes with a unique lightsaber and plaque stand to display your replica. CASTLEVANIA: DRACULA STATUE

Dracula is an immortal being originally born in the 11th century. Having begun life as a holy knight called Gabriel Belmont, he fought along side the Brotherhood of Light, but ultimately lost everything special to him in a quest to destroy the "Ultimate Evil." Bitter having lost so much, Gabriel obtained unparalleled power from an ancient demon, and turned against the world he once fought for as Dracula; the most powerful vampire who ever lived. First 4 Figures is proud to present the Prince of Darkness from *Castlevania: Dracula*. Portrayed in his visage from *Castlevania: Lords of Shadow 2*, Dracula is sat forlornly upon his giant throne. Using a high quality polystone sculpt and advanced hand painting techniques, Dracula is not only portrayed in stunning detail, but the throne and base he sits upon utilises special paint application to achieve truly stunning faux wood and stone effects. The statue stands at an overall height of 18", putting the statue at 1/6 scale, making this an essential center piece for any fan of the *Castlevania* series. Comes in deluxe full-color packaging, a base numbered individually by hand and an authenticity card. (STK671871) Scheduled to ship in September 2015. (7717/F4F063) (C: 0-1-2)

Now the officers of the SV2 are about to receive their ultimate trial by fire as multiple waves of Labors begin to mysteriously go berserk all at once. FOR A FEW DOLLARS MORE

From Light in the Attic Records! A Fistful of Dollars by Sergio Leone helped to codify and massively increase the popularity of the "spaghetti western" genre, together with the one the two lead actors Clint Eastwood and Gian Maria Volonte. *For a Few Dollars More* is natural progression of that movie. Ennio Morricone's music is equally important. The Maestro here chooses a "poor" registry, consisting of folk instruments such as ocarina, Jew's harp and chimes, respectively used to accompany the entry stage of the three main actors. But there are, as usual, the contributions of Alessandro Alessandroni and his Cantori Moderni choir, for an incredibly exciting final result. From Light in the Attic Records! Directed by Gareth Evans, *The Raid* is an explosive masterpiece of Indonesian uber-action that has been recognised as one of the greatest action films ever made, but few people know that when it was released in the UK and US, its music was replaced in favor of a score by Mike Shinoda and Joseph Trapanese. Quite frankly, the original score kicks its successor's ass, hard. Coming from Indonesia, the duo of Fajar Yuskemal and Aria Prayogi seemingly not only have a geographical connection but a spiritual one as well, leading to a profundity in their music that can't be matched. Full of muscular electronics and battering percussion, it feels like not only a score but also a workout. You don't just listen to *The Raid*, you experience it. (STK673279) (C: 0-1-1)

STARCHASERL THE LEGEND OF ORIN: ORIGINAL MOTION PICTURE SOUNDTRACK

From BSX Records! The final touch in bringing to life the exciting adventure of *Starchaser: The Legend of Orin* is the lavish orchestral score composed by Andrew Belling. Meeting with director Steven Hahn, Belling was encouraged to write a large scale orchestral score, evocative of John Williams' work on the *Star Wars* films. The film's producers informed him they had enough in the budget for a large orchestra, which would give Belling the opportunity to have his first major orchestral score performed by the same 90-piece orchestra that had performed on the scores for the *Star Wars* films, the London Symphony Orchestra. His score for Starchase is a mix of orchestra, electronics, and drum-loops, the latter giving the film's memorable main theme its constant, purposeful drive. (STK673237) (C: 0-1-1)

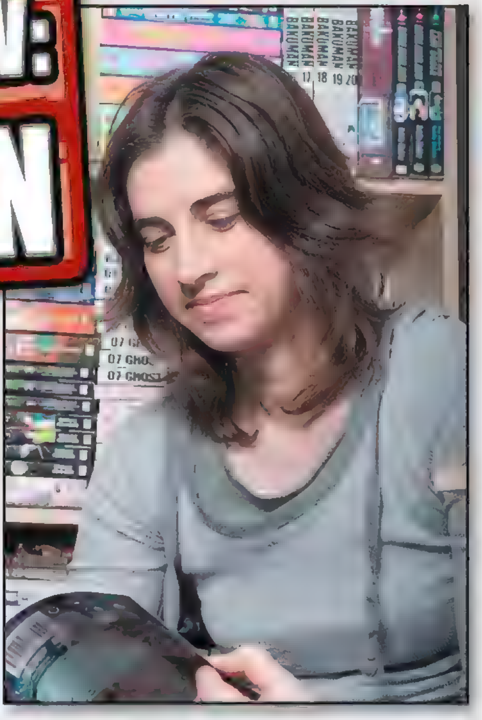
MANGA MONTH INTERVIEW: HOPE DONOVAN



This January, following their continuing success with Hope Donovan is a longtime manga fan and a veteran of the American manga industry. Previous to her working at VIZ Media, she also worked with TokyoPop. At VIZ Media, Hope has worked on such series as *Loveless*, *Toriko* (*Vol. 1* / JUN141532), *World Trigger* (*Vol. 1* / AUG141753), *Kimi ni Todoke* and *Sunny* (*Vol. 1* / MAR131353).

In honor of *Manga Month*, we reached out to Hope to talk about manga and her role in bringing these unique and popular comics to Western audiences each month as the Managing Editor at Viz Media...

***PREVIEWS:* When looking at the world of comics as a whole, what do you feel stands out about manga?**

Hope Donovan: Manga doesn't tell you what to feel, it makes you feel it. It does this through refined visual caricature, emotionally-charged backgrounds and sophisticated visual flow. When I say "visual shorthand", I'm referring to the peculiar language of manga that includes anger marks and deformed faces. "Emotionally-charged backgrounds" refer to the speed lines and flowery patterns that create emotional atmospheres. Even if the backgrounds aren't abstract, you're likely to see panels that focus on, say, nothing but the corner of a room. In a western comic, the instinct is to realistically illustrate each moment of a conversation between two people, but in real life, you aren't seeing you and the other person talking. You're looking at the wall, a nearby tree. With these visually "silent" panels, manga opens a space for the reader to step into the character's shoes. But where manga really excels is directing the eye through visual flow. Look at the placement of word balloons in manga and you'll see elegant stepping-stones across the page. Not that manga is ephemeral — since the focus is less on describing the action beat-for-beat and more on conveying the feeling of it, manga is at its best when characters are crashing through panels in the middle of epic, imaginative fights.

Storywise, manga encompasses a broader range of topics than most people in the west are aware of. *Cooking manga*? Check. *Girls' lacrosse manga*? Check. *Real life ennui*? Check. Besides range, what set manga apart is the earnestness of its characters and the imaginativeness of the settings. There is also the lingering effect of serialization, pumping any given graphic novel full of twists and turns generated by the nature of having been originally created for a weekly, biweekly or monthly release. To summarize, manga is very engaging.

MANGA DOESN'T TELL YOU WHAT TO FEEL, IT MAKES YOU FEEL IT. IT DOES THIS THROUGH REFINED VISUAL CARICATURE, EMOTIONALLY-CHARGED BACKGROUNDS AND SOPHISTICATED VISUAL FLOW.

***P:** There seems to be a variety of opinions on what manga is. For you, what determines whether or not a comic is manga? Do you feel that it simply has to do with aesthetic and format, or is there something deeper?*

HD: Manga, western comics, comics strips, some political cartoons, *bande dessine* — they're all sequential art. But you know manga when you see it, even if you can't quantify what differentiates it from other sequential art. It's not just that it comes in that iconic 5" x 7.5" 200-page format, and it's black and white. It's not that it comes from Japan. There's stylistic markers like the ones I've listed above and encompass speed lines and emotive backgrounds, expressiveness, rendering, pacing, visual flow, storylines and design nuances. If enough of these are present in a work, it will look and feel like manga. I didn't mention this above, but the utilization of sound effects is an essential facet of manga. In the west, we have a few *onomatopoeias*, but in Japan there are multitudes! It is key that manga pages are full of them; from the *gorogoro* of a rolling object to *jin*, the sound of silence. Even a work illustrated in impeccable manga style won't look right without sound effects everywhere. Creating a faux audio environment is just one more way manga engages its readers.

***P:** How did you discover manga?*

HD: The summer in high school after I'd discovered anime, a student of my mother's lent me all his *Battle Angel Alita* (*Omnibus Vol. 1* / JAN131197) and *Ranma ½* books. I read them on the beach and got hooked — I started drawing fan art and copying the pages at Office Depot to colorize them.

***P:** How did you start working professionally with manga?*

HD: I started as an intern at Tokyopop in 2004. After finishing my final year of college, I was hired as a copyeditor, and then editor.

***P:** As a manga editor what do you do?*

HD: I take manga that has already been printed in Japan and oversee its re-publication in English. I co-ordinate the efforts of the translator, adaptor, letterer and designer throughout the process of book production... often this takes the form of sending emails and reading lots of proofs!

P: *How does that differ from what a manga editor in Japan does?*

HD: Editors in Japan are caretakers of the artist and series in ways we localization editors can only dream of. In Japan, the editors scout the artists, coach them through pitches, champion their stories and then guide the story as its serialized. They're also there to hound the artist to turn in their late work or coax them out of artist's block. It's a creative and business relationship rolled into one, just like editors and their teams in western comics.

P: *How does a manga publisher pick what series get published?*

HD: When VIZ looks to localize a series, we keep an ear out for fan buzz, read a lot ourselves, and try to select series that we think are worthwhile. We look beyond what's popular in Japan to consider the taste of Western audiences too.

P: *What kinds of manga series are you typically drawn to?*

HD: I like series where there's no clear moral ground, like *Death Note* (*Vol. 1* / MAR138186) or *Loveless* (*2-in-1 Vol. 1* / JUL121271). My taste also runs toward the pulpy, so I like raunchy and absurd things like *Detroit Metal City.*

P: *Through your years as a manga professional, what have been some of your favorite titles that you have worked on?*

HD: When you're an editor your working experience colors a lot of your opinion. I was thrilled to edit VIZ's 2-in-1 re-release of *Ranma ½* (2-in-1 Vol. 1 / JAN141383) after being so deeply impacted by the original release… but it was really hell to work on! Ancient files had to be tracked down, and many different versions of scripts had to be combined. Series that are great that I also hope I did a good job on include *Suppli*, *StarCraft: Frontline* and *Kimi ni Todoke* (Vol. 2 / JUL091127).

P: *What are some titles from VIZ Media that you look forward to in the coming year?*

HD: I can't wait for *Tokyo Ghoul.* It doesn't shy away from moral complexity or gore, so it's a winner in my book! There's also shojo giant Arina Tanemura's *Idol Dreams*, about a career woman who's transformed back into her high school self.

FEBRUARY'S BEST-SELLING TITLE: ORPHAN BLACK #1

IDW's comics adaptation of the hit BBC America series, Orphan Black, amazingly took the top spot in our Top 100 for February 2015, surpassing some *very* tough competition including a certain Sith, a new girl Spider, and a bat, among others. This speaks volumes to the popularity of this TV series, and its star Tatiana Maslany, who portrays all of the various clone personalities on the series so convincingly. Apparently it's true: *begun the Clone War has…*

THE LEAGUE OF REGRETTABLE SUPERHEROES

Quirk Books

Most of us know the origin stories of Superman and Spider-man! But what about classic characters like Bozo the Iron Man? Rainbow Boy? Doctor Hormone?

Any comics fans can recount the adventures of everyone's favorite dynamic duo Batman and Robin. But it is a true fan who know about the timeless, tireless twosome, Nightmare and Sleepy!

For any comics fan there is a fond nostalgia that we feel for the characters that we know and love, but in order to get the greats that have stood the test of time we had to go through a couple of duds. Thankfully Quirk Books is there for us and we now have a truly wonderful book that chronicles some of the greatest comic duds of all time. As a long time fan of the under-appreciated, the uncensored, and the hilarious I am very proud to introduce you to *The League of Regrettable Superheroes*!

Appropriately subtitled "Half-Baked Heroes from Comic Book History," Jon Morris takes us from the very beginning to the very recent in comics history showcasing in biographical details many of the comic characters that weren't quite up to muster to last until today but are none-the-less insanely hilarious and so much part of what has made the comics book industry so unique as a pop culture medium.

If you have ever scoured the Golden and Silver Age long-boxes at a convention like I have and gotten a chuckle out of the likes of Kangaroo Man, Ultra, the Multi Alien, or even everyone's favorite ROM, Spaceknight this book is absolutely for you! An absolute fun book to read Morris, gives fans everything from the all-important origin story, to the created creators (which some will surprise you), to recounts of some of these guys crazy adventures.

As a comics fan you owe it to yourself to pick up this book. You'll be glad you did because now you cannot only tell all of your friends about the skirmishes that the Avengers have gotten into over time, but you'll be able to pull out gems like "did you know that Wil Eisner created the classic character Doll Man "who no fist could hold?")

EVIL DEAD 2: BEYOND DEAD BY DAWN #1

Space Goat Productions

As a fan of Mel Brooks' movies I immediately took to the slapstick style of *Army of Darkness* and its lead actor, Bruce Campbel. The movie's tag line "Trapped in time. Surrounded by evil. Low on gas." sounded fun and the guy had a chainsaw for a hand on the cover with zombies ("Deadites" in the film) trying to murder him.

Bruce was playing the role of Ashley "Ash" J. Williams. Ash was an S-Mart store clerk from the housewares department looking to take his girl out to a cabin in the woods for a romantic weekend with some of their friends when they accidentally stumble onto the *Necronomicon Ex Mortis*. They accidentally unleash evil spirits, lots of them die, and Ash gets sent backwards in time through a portal to fight the Deadites in the past. This was all in the first few minutes of the movie! Later when I watched *Evil Dead 2* I would realize that they were recapping the events of that film and that *Army of Darkness* was a sequel to that movie. The one-liners were campy, the special effects were hilarious, and there were other movies set in the same universe.

While *Army of Darkness* was the sequel to *Evil Dead 2*, the folks at Space Goat Productions are giving fans another sequel to *Evil Dead 2* but from a different perspective. *Evil Dead 2: Beyond Dead by Dawn* #1 picks up just where the movie left off (just like *Army of Darkness*) but this time instead of following Ash through the portal we will see what happened next in that cabin in the woods.

The comic will follow Annie Knowby, was last seen reciting the final incantations from the *Necronomicon* to banish the evil from our world just as she was stabbed in the back by a dagger held by Ash's Deadite-possessed severed hand. This new instalment in the *Evil Dead* franchise answers a question I've often wondered. Where do the souls of the dead go when the Deadites claim them? Will Annie be able to fight her way back to the land of the living to shop at S-Mart again or will she become one of the Deadites looking to swallow our souls for eternity?

Head back to the cabin this June with *Evil Dead 2: Beyond Dead by Dawn* #1, written by Frank Hannah (*Batman Arkham Origins* [AUG140339]) with art by Barnaby Beganda.

BRAVO FOR ADVENTURE
ALEX TOTH

BRAVO FOR ADVENTURE

IDW Publishing

When it came to doing comics, Alex Toth got it -- it's all about the storytelling. If I had to pare my list of favorite comic book artists down to my top 5, Alex Toth would be number one. (Sheldon Mayer, Joe Kubert, Steve Ditko, and Jack Kirby would round out the top 5).

I've been collecting comics with Alex Toth's work for years, from *All American Western* with Johnny Thunder to *Walt Disney's Zorro*. It was fun it was going through boxes of miscellaneous comics at conventions. It was also just as exciting when I'd see a new work from Toth, be it Black Canary in *Adventure Comics* or *Torpedo* from Catalan. And then there is *Bravo for Adventure* which I first came across in Warren Magazine's The Rook.

Bravo for Adventure was Toth's homage to the action-adventure stories of movie studio glory days. Toth's Jesse Bravo could have easily been played by Errol Flynn, whose *Adventures of Robin Hood* is one of my all-time favorite films.

While Dragon Lady Press would provide Toth's fans with as much of *Bravo* as was available at the time, we knew there was more but nothing more was forthcoming. Until now.

The folks behind *The Library of American Comics* with IDW Publishing are producing the definitive collection of Alex Toth's *Bravo for Adventure*. This will be the perfect companion to their *Alex Toth Genius* collections. Collecting all previously published stories along with prelims, designs, and unfinished story fragments we get to see what could and should have been. There are even samples of Toth's color work done for that originally planned French edition from 1975. Just goes to show that Toth knew Black & White and Toth knew color.

This is the perfect addition to your library shelves right next to the three volumes in the *Genius of Alex Toth* and maybe even a slipcase for those of us who bought the books prior to the slipcase being produced.

BRIENNE OF TARTH FIGURE

On sale Sept 16

$24.99

Brienne is a warrior of House Tarth, vassals to House Baratheon. Unusually tall and muscular, she is a skilled fighter. Upon winning a tournament among King Renly's men, she is made Kingsguard. Brienne becomes the sworn sword of Catelyn Stark and is tasked with escorting the captured Jaime Lannister back to King's Landing. She is given a new suit of armor and a Valyrian steel sword reforged from Eddard Stark's greatsword, Ice. This armor is reproduced on our 8" tall figure, with all the impeccable details accounted for.

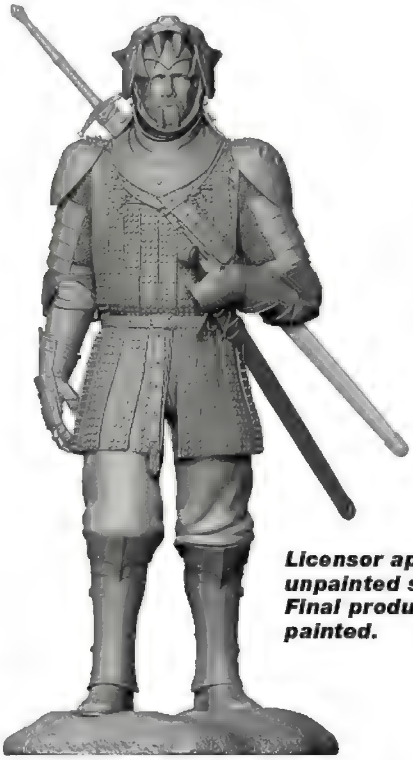
THE HOUND FIGURE

On sale Sept 16

$24.99

Sandor Clegane is known as the Hound because of his savage nature and unquestioning obedience to his masters. Although he hones his fierce demeanor while serving as the bodyguard of Joffrey Baratheon, he is not completely without compassion. After his desertion of the Kingsguard, he becomes a traveling companion and protector of Arya Stark.

The Hound's formidable proportions are reflected in this 8.5" figure. He is shown wearing his signature helmet, which is hinged so that it opens and closes.



Licensor approved unpainted sculpture. Final product to be painted.
